

TASK MASTER™

TASK MASTER™ is a fast-acting and highly effective cleaner that will not damage plastics, rubber or cured paint. Removes oil, grease, silicone, tar, undercoatings and adhesives. Use TASK MASTER™ to clean surfaces before attaching weather stripping and before applying adhesives to automotive body surfaces to improve adhesion. TASK MASTER™ can also be used to clean metals, engine parts and tools.

Directions:

IMPORTANT: Because this product is flammable, do not spray near sparks or open flame.

1. Shake can thoroughly before use.
2. Aim and spray at surfaces to be cleaned. Spray generously to completely flush contaminants from the surface.
3. To remove adhesives, spray directly on surface or into a cloth and then rub adhesive residue off surface.

Product Number and Packaging:
#1009 – 12 per case

PRECAUTIONS: Pressurized container. Do not pierce or burn, even after use. Do not use if spray button is missing or defective. Do not spray on a naked flame or any other incandescent material. Do not smoke while using or until sprayed surface is thoroughly dry. Do not pressurize, cut, weld, braze, solder, drill, grind, or expose empty containers to heat, sparks or open flames. Avoid breathing vapour of this product. Avoid contact with skin and eyes. Avoid prolonged exposure. Use in well-ventilated areas.
